Mixed Use Redevelopment Opportunity in South City

Investment Summary:

This mixed-use building presents a prime opportunity for an investor or developer to transform a blank slate into a high-performing asset in the heart of South City. Priced at \$375,000, the property has undergone significant improvements, including a large new deck and a three-car garage, but still requires plumbing, electrical updates, drywall, and finishing touches to reach its full potential. Notably, six units are already gutted and framed, making it well on its way to becoming a fully functional six-unit apartment building.

The building currently features three apartments on the upper level and three commercial spaces on the main level, which are ideal for conversion into additional apartments. Additionally, a large, open, unfinished attic offers even more potential for creative development.

Located in a vibrant and rapidly redeveloping area, the property is surrounded by sought-after neighborhoods like Tower Grove East, Fox Park, and Benton Park West, all experiencing substantial revitalization. Its prime South City location provides easy access to public transportation, major thoroughfares, highways, and downtown St. Louis. Residents will enjoy proximity to a wealth of neighborhood shops, restaurants, and bars, adding to the area's appeal.

With strong rental demand, 1-bedroom, 1-bath apartments in the area rent for over \$1,000 per month. Comparable multi-family properties sell for over \$100,000 per unit, underscoring the value and income-generating potential of this property.

Whether you are an experienced developer or a savvy investor, 2648 Gravois offers a rare chance to create a high-demand residential asset in one of St. Louis' most promising areas. Don't miss this opportunity to capitalize on the growth and vibrancy of South City!
